

Call for Papers

International Symposium INTERPRAEVENT 2026 (Deadline Approaching)

“Risk management for multi natural hazards under climate change”

In recent years, climate change has intensified natural disasters worldwide, including floods, landslides, debris flows, and slope failures triggered by heavy rainfall and typhoons, as well as large-scale and complex disasters caused by earthquakes and volcanic eruptions. These hazards pose severe threats to lives, property, and socio-economic infrastructure.

To address these challenges, INTERPRAEVENT 2026 will be held in Sapporo, Hokkaido, Japan, from October 20 to 23, 2026. The official website was launched in December 2024, and paper submissions are currently being accepted as outlined below.

As **the submission deadline is only two months away**, we would like to take this opportunity to remind you once again. We sincerely look forward to your active contributions. (Online submission is available via the official website: <https://www.kokusaisabo.or.jp/interpraevent2026/index.htm>)

○Topics of Interest

1. Monitoring, Modelling, and Simulation of Sediment Movements
2. Catastrophic Disasters: Phenomena and Countermeasures
3. Structural Measures: Planning, Design, Construction, Maintenance, Regional Revitalization, and Eco-DRR
4. Non-Structural Measures: Early Warning, Evacuation, Hazard Mapping, Land Use Planning and Public Awareness Programs
5. Emergency Response and Recovery
6. National Land Resilience: Policies and Strategies for Multi Natural Hazard Risk Management

○Submission Categories and Presentation Formats

Full Paper: Oral presentation

Papers accepted through peer review and with registration will **be published in the digital special issue of the International Journal of Erosion Control Engineering (JSECE).**

Extended Abstract: Poster presentation

○Important Dates

Submission deadline: November 30, 2025

Notification of acceptance: February 15, 2026

Registration opens: April 1, 2026

○Student Awards

To encourage the next generation of disaster prevention researchers, Student Awards will be presented. Students under 30 years old enrolled in the undergraduate, graduate or post-graduate level. Submit a certificate of enrollment by email to the Secretariat. (interpraevent2026@kokusaisabo.or.jp)

- Full Paper submissions: Up to 10 excellent papers will be selected and recognized at the Closing Ceremony (Awarding of certificates and prize money). The first authors will be invited in free to the Welcome Reception on the first day.
- Extended Abstract submissions: Up to 10 outstanding poster presentations will be selected and awarded at the Closing Ceremony (Awarding of certificates and prize money).

We warmly welcome and encourage the active participation of young researchers.

Chairperson of the Organizing Committee of
INTERPRAEVENT International Symposium 2026 in the Pacific Rim

Dr. Takashi Yamada
